

SOUND THE ALARM
Save a Life

American Red Cross

Just one day of your life can change someone else's forever.

On May 18, 2024, American Red Cross volunteers, fire departments and partners will install free smoke alarms in Madisonville. Working smoke alarms can cut the risk of death from home fires in half. That's why we're rallying volunteers to *Sound the Alarm*. Experience a rewarding day connecting with other volunteers and the families you'll help.

Since 2014, we've made more than 1 million homes safer and helped save lives like Jack and Shirley's.

Visit SoundTheAlarm.org to volunteer for an event near you!
